

## PARENTAL CONSENT FORM

Dear Parent,

Our School will be participating in the "None-in-Three" project funded by the UK Government Research and Innovation fund. Pupils/Students will be asked to fill out a survey that takes about 40 minutes to complete. Young people are just asked to tick a box that they feel best answers a series of questions. The purpose of the survey is to collect nation-wide data about the attitudes towards violence, violent behaviour, and empathy among young people in Uganda, Jamaica, India, and England. More information about the project can be found on the None in Three Website: <http://www.noneinthree.org/>

Doing this online survey in school will cause no risk to your child. The only potential risk is that some pupils/students might find certain questions to be sensitive. The survey has been designed to protect your child's privacy. Pupils/Students will not put their names on the survey. Also, no school or student will ever be mentioned by name in a report of the results. Your child will not benefit right away from taking part in the survey. However, the results of this survey will help your child and other children by reducing violence in our community. We would like all selected students to take part in the survey, but the survey is voluntary. No action will be taken against the school, you, or your child if your child does not take the survey. Students may skip any questions they do not wish to answer.

If you have any questions or concerns about this project, please do not hesitate to contact:
