A TRIBUTE TO ROB BURROW

THE ROUND UP

FEATHERSTONE NEWS

Wimbledon Visit

A select group of students were privileged to attend day 8 of Wimbledon! It was a very early start with students leaving the academy at 5:15am to head to London! There was lots of amazing tennis on show with the students witnessing men's singles, women's singles and mixed doubles!

NATIONAL JURY MUSEUM

On Thursday 11th July, our Year 8 students had the opportunity to take part in a Mock Jury Case.

We welcomed in Owen Powell from the National Jury Museum who showed students what a court session was like, the different people involved in the court session and how the jury reach a decision. Students took part in a court case based on cyber bullying, and were surprised to learn the outcome of the trial. The session was important for showing the dangers of online bullying and how this can lead to prosecution and even jail. The students were engaged in all parts and Owen praised the students for their enthusiasm and drama skills.

Well done to all of Year 8!

THE ROUND UP

FEATHERSTONE NEWS

GEOGRAPHY FIELD TRIP

Featherstone's Year 11 Geographers completed their physical fieldwork trip exploring the effectiveness of sea defences in Hornsea on Thursday. We were also delighted to be able to see seals at Flamborough Head when visiting to see the erosional landforms. We miraculously managed to miss the rain too! A big well done to all Year 11s for their exceptional behaviour and hard work.

LIFE OF PI THEATRE TRIP

A group of students represented the school brilliantly when visiting the Theatre to see Life of Pi. They were inspired by the intricate puppetry of the performance, the way that the actors used their bodies and voices to become animals, and they found the lighting fascinating! All really well behaved and excited to see more live shows!
